

Life Saving Essentials

We care about your Safety

Service Avoidance Checklist

Person

- Are you fit and well?
- Are you competent for your role (Safe dig trained/CAT & Genny)
- Are you clear on the task?
- Do you have the correct PPE (full FR, ARC)?

Planning

- Alternative methods considered (Vac Ex)
- Service plans available (in date, correct ratio & in colour)?
- Permit to Break Ground/ Above ground in place?

Equipment/Tools

- Are your hand tools insulated
- CAT4+ & Genny calibrated?
- Protection of known services considered and in place if required?

Workplace

- Known services clearly marked up & extend beyond the excavation?
- Re-scan as dig progresses?
- Exclusion zone for the service?

Only start if you have the right Person, Equipment/Tools, Planning and Workplace
